- Full length keel guard
- Highfield dry bag
- Foot pump, paddles, repair kit

Optional equipment

- Jockey seat
- Suspension jockey seat
- Rollbar
- Hard top
- EVA reek

PATROL 660/760/860

Commercial quality RIBs

The Patrol is a commercial quality range of RIBs designed and hand built to withstand the roughest conditions.

The hulls are built in 4mm (660) and 5mm (760 and 860) 5083 aluminium plates with 6 and 10mm stringers. With their super deep V, wide chines and large diameter tube, they offer high maneuverability, high safety and a soft dry ride even in the roughest conditions.

The Patrol boats carry large loads and plane quickly and easily with little horsepower.

These boats are ideal pursuit craft or work boat and can be configured with different seating and console options.

With the impermeable qualities of our aluminium hulls there's no need to worry about gelcoat chips, or pulling the boat on a beach or a trailer. Your Highfield Patrol won't delaminate over time, retaining its agile performance and weighing the same in 10 years time as the day you towed it away from the showroom.

Model	Length (A)	Beam (B)	Inside Length (C)	Inside width (D)	Weight*	Deadrise (E)	Max Pax.	Max Load	Max Hp.	Shaft	Tube Ø	Air/Infl Chambers	Fuel Tank
